Clay Information:

Our pottery is made from a durable high-fired stoneware clay. All pots are safe for use in the microwave, dishwasher and oven. All clay and glazes are lead-free. (Reminder: Pottery is susceptible to breakage from rapid changes in temperature, so be careful not to place items directly from the freezer into a hot oven or from the refrigerator into hot water, etc.)

OUR INSPIRATION

Overlooking the scenic beauty and serenity of a saltwater bay, frequented by families of humpback whales, and beneath the rugged evergreen hills, blanketed in colourful moss and lichens - this is where you'll find us! Moose and caribou wander the rocky foothills. Bald eagles soar high above. Whales, dolphins and seals play in the waters in front of our studio. These wonders of wildlife and wilderness are the daily inspirations both to our lives and our work. We hope you will enjoy our pottery as much as we have enjoyed creating each piece.

All our products are proudly made in outpost Newfoundland!
